We are pleased to present this villa, newly built in 2021, fully finished and ready to move in. It is a townhouse built with new trends, a comfortable and special housing concept, with luxurious finishes and panoramic views of the Benidorm skyline and the Mediterranean Sea. The house is spread over two floors, on the ground floor there are 2 bedrooms, both en-suite and one of them with a terrace. Going down the stairs you enter the day area, literally flooded with natural light thanks to the large windows. On this floor there is a magnificent open-plan living room with an avant-garde style office kitchen with island, furnished with premium, soft-closing furniture and equipped with high quality appliances integrated into the design of the kitchen furniture. On the same floor is a double bedroom with a double bed, fitted wardrobe and a bathroom with shower. From the living room, kitchen and bedroom you access the magnificent covered veranda and the garden with swimming pool, forming a transition between the interior and exterior, forming another living space of the house. It also features ducted air conditioning in all rooms with hot and cold water pump, home automation and electric blinds. Solar panels have recently been installed on the roof of the chalet, so electricity consumption is very low. This house is located in a quiet residential area of the popular Finestrat neighbourhood. There are also cafes, bakeries and pharmacies about to open in the area making it a quiet and developing residential area. With quick access to both the mountains and the beaches of Benidorm and Finestrat. Finestrat is a picturesque coastal and at the same time mountainous municipality that combines the quietness of the stony and green nature of the high peaks of Puig Campana with the cosmopolitan appeal of Cala, a family and peaceful place. The visitor will find the historic centre of Finestrat perched on a very open hill just 238 metres above sea level, at the foot of the impressive Puig Campana mountain. As you stroll through the streets and squares of Finestrat, you can breathe in the oxygen of the nearby pine trees and the aroma of ancient almond, olive and carob orchards. Just 9 km away is Cala de Finestrat, whose golden sand beach and crystal clear waters are a treasure surrounded by residential areas.
