Premium Villa, the ultimate unit of art, architecture, and engineering under one roof. A very well-designed property with amazing panoramic views of the Mediterranean Sea and the stunning backdrop of the Sierra Blanca mountains, built on a large plot of 8,799m² and a beautiful building of 2,001m². Located in one of the most sought-after locations on the Golden Mile, this authentic Spanish home has been meticulously crafted with custom materials. Designed by renowned Spanish architect Luísa Olazábal, it promotes a versatile and timeless style, with every room in the house well appointed. This truly gorgeous villa opens onto an elegant lounge with several relaxing areas within the sunken space, each scene retaining its outdoor style and provided with a central bronze chandelier. You will also find a separate dining area with two open fireplaces and a wood burner. The surprise element is hidden behind the velvet curtains, where you'll find a fully custom cocktail bar with built-in Bose speakers, custom lighting features, ample seating, Art Deco flooring, and even a smoke machine. The grand interior flows seamlessly into the beautiful backyard, connected by five large French doors. The stunning kitchen features a butler pantry and separate chef's island, an impressive Lachance gas range, built-in wooden storage cabinets, wine cooler and large fridge freezer. The bright dining area overlooks the lush garden and sea and nestles comfortably on the outdoor covered patio. This beautiful home wouldn't be complete if it offered so many attractive outdoor spaces. In keeping with its Spanish style, pay attention to the Andalusian architecture with its large covered and uncovered balconies, small, beamed ceiling elements, central pool, lush greenery, manicured gardens with love, and the view towards the blue horizon. Private rowing yard with 9 spacious rooms evenly distributed throughout the vast space, each thoughtfully designed to maximize its capacity. The master suite is truly stunning, styled throughout with natural wood accents, accent cabinets, and unique design elements that command stunning ocean views that flow in harmony with the private balcony. In the spacious and luxurious master bathroom, the centrepiece is a beautiful green waterfall tub with an open glass ceiling that features an abundance of landscaping and direct access to the heated outdoor Jacuzzi. The basement has been completely renovated to become the ultimate spa and wellness centre. It features a multi-level cinema room, stylish bar with mirrored ceiling, traditional spa bathroom, king-size indoor heated pool, massage room, games room and Formula 1, modern seating, a gym with modern equipment, a bowling alley, and a poker lounge. The stunning guest house also has 7 bedrooms with the same details and top finishes throughout. This Villa is a timeless masterpiece and one of the coolest properties to come on the market in Marbella in recent years.
