Well maintained townhouse for sale in Lo Marabu, Ciudad Quesada. The house with a habitable surface of 95 m<sup>2</sup> consists of 2 floors. Ground floor with spacious lounge/dining room, separate kitchen and guest toilet. Upper floor with 2 bedrooms and a bathroom with bath. Ciudad Quesada (formerly Villa Quesada) was founded and expanded by Justo Quesada, a building developer from the area. There used to be not only houses, but also a golf course and an airport. In 1989 he founded the golf club Club de Golf Quesada, which would later be called La Marquesa Golf. Today, Ciudad Quesada has become a pleasant place to live or spend a holiday under the sun in the vicinity of the Mediterranean. You will certainly not get bored when you stay in Ciudad Quesada. Both in the urbanization itself and in the immediate vicinity there are many recreational opportunities, nice towns and attractive beaches. Fun family activities in Ciudad Quesada include bowling and mini golf. You can experience crazy water fun in Aqua Park Ciudad Quesada. One of the great advantages of Ciudad Quesada is its location near the paradisiacal beaches of Torre Vieja and Guardamar del Segura. A very short drive will take you to your favorite beach on the Mediterranean, where you can enjoy the pleasant climate of the Costa Blanca. While you listen to the waves or read a good book, your children have fun with a bucket and spade. From the beach it goes to the town of Torre Vieja, where some interesting sights await you. Examples include the Jardín de las Naciones - with a scale model of the map of Europe - and the Museum of Sea and Salt (Museo del Mar y de la Sal). This museum takes you through the world of salt production in Torre Vieja. Would you like to see with your own eyes where the local salt comes from? Then you should head for the Parque Natural de las Lagunas de La Mata y Torre Vieja. The salt lakes of Torre Vieja and La Mata in this natural park are great places to relax and get acquainted with the natural beauty of the Costa Blanca. Be surprised by the pink color of the water and the graceful flamingos that you can spot during certain periods.
